

NOTICE FROM SHREWSBURY
DEPARTMENT OF PUBLIC WORKS:

The last day for brush pick-up will be October 30, 2020.

Leaf collection will begin on November 1, 2020 and will end on December 31, 2020.

When placing leaf piles, please take care not to block storm drainage structures/catch basins from the flow of water, which can cause localized flooding. Also, please do not place piles around obstacles, such as mailboxes, power poles, fire hydrants, etc. We also ask that vehicles are not parked on or near piles.

Do not mix any brush or grass clippings with leaves. Mixed piles will not be picked up. The Borough will not pick-up piles that are contaminated with grass, branches, stones or other debris.

Please notify your landscaper of the dates and policies regarding brush and leaf collection.

Non-compliance of Municipal Ordinances will be subject to a violation summons. Please call the Department of Public Works at (732) 741-0522 with any questions about brush and leaf disposal.
