

Mandated Recyclables & Sorting

PAPER

Such as cardboard shipping boxes (waffle section between layers), flattened; Mixed Paper including: chipboard (cereal boxes), white/color paper, junk mail, magazines, softcover

books, wrapping paper/non-metallic and Newspapers including inserts are all accepted.

- **DO NOT INCLUDE:** grease/food stained cardboard (pizza boxes) or waxed cardboard.
- **DO NOT INCLUDE:** food wrappers, paper plates and cups, napkins, paper towels or items from food/hygiene use
- **DO NOT INCLUDE:** newspaper used for pet waste or household projects.

CAR BATTERIES & MOTOR OIL

Many towns accept these for drop-off, see pp. 10-13. Both are also accepted at Monmouth County's Household Hazardous Waste (HHW) Facility, see p. 14.

HOUSEHOLD BATTERIES

Silver "button" batteries and rechargeable batteries/battery packs (like those found with power tools, laptops, etc.) can be brought to the Monmouth County Hazardous Household Waste facility (HHW),

see p. 14 or a retail store drop-off, visit www.call2recycle.org for a location near you. A few towns also accept button batteries for drop-off, see pp 10-13.

Regular household A, AA, AAA, C, D, and 9-volt batteries can be thrown in the trash.

"BULK" RECYCLABLES

Most towns have special pick-ups for certain bulky recyclables once or twice a year. You may also drop them off at your town facility, if they accept these items, see pp 10-13.

if your town does not accept these items, you must drop them off at a Private Bulk Waste Recycling Facility (for a fee, see p. 15).

- **ASPHALT, BRICK, CONCRETE**
- **METAL SCRAP (SMALL METAL APPLIANCES, WINDOW FRAMES, ETC)**
- **TREE PARTS; STUMPS AND LIMBS >3" THICK (DIAMETER)**
- **COMPUTERS & TVS (ELECTRONICS)**

Do Not Recycle; Put in Regular Trash

Drinking Glasses, Dishware, Windows, Etc

Non-recyclable glass looks different because it's made from different ingredients and has different melting point. If a ceramic mug is put into a furnace with recyclable glass bottles, for instance, it will melt more slowly causing defects in the process.

Non-Recyclable Plastic Containers, #3 - #7 Margarine Tubs, Diaper Wipes, Take-Out Plastics, Bottle Caps And Straws, Etc

No. 3 Polyvinyl Chloride PVC, V (Example: Very hard plastic what salad bar containers are made of)

No. 4 Low Density Polyethylene LDPE (Example: Fresh produce bags, also used in dry cleaning)

No. 5 Polypropylene PP (Example: Bottle caps, drinking straws, yogurt cups)

No. 6 Polystyrene (Example: Styrofoam)

No. 7 Other Ex: Polycarbonate baby bottles.

Non-Recyclable Plastic Containers #1 - #2 Plastic Tupperware, With Wrong Size Neck, Plastic Containers

Some plastic containers, even if they have #1 or #2, are made from a different process, and CANNOT be recycled at this time. If the neck is the same size as the body, throw them in the regular trash, (along with caps, which are made from yet another, harder plastic to withstand twisting/turning).

Plastic Bags

These clog machines at the processing plants. Return to store if possible

Aluminum Foil, Plates, Trays Or Cookware

Food Stained Pizza Boxes And Waxed Cardboard

Food Wrappers, Paper Plates And Cups, Napkins, Paper Towels
